

Reasons to choose ...

Southern Lights

Exterior Illumination Ltd.

... as your soffit lighting dealer/installer

1. **The Gemstone Advantage** – we install the premier soffit lighting system. Gemstone Lights has a 4.8/5 independent Trustpilot review score for being the leading brand of soffit lighting systems. It's the brightest (.96W per bulb) solution with LED lights rated for 50,000 hours with true warm white capability. The powerful user friendly app controls colours, patterns, effects and brightness down to each bulb. Choose from nearly 1,000 preset display options or develop your own customized display. The timer can be set for a specific time to come on and go off or choose the sunset & sunrise options to have the display self adjust daily.
2. **Experience** – we've been installing Gemstone Lights since 2016 when the system first became available with over 1,200 completed installations.
3. **Certified Electricians** – all of our installs are performed by certified electricians so clients can be assured of proper and professional installations for their lighting investment.
4. **Demo Showroom** – learn how the app controls the lighting by visiting our showroom and playing around with this amazing system.
5. **Financing Options** – with only a 25% downpayment, we offer a no payments and no interest for six months on the balance or the option of setting up a monthly payment plan on approval of credit.
6. **Warranty** – we offer a five year complete parts and labour warranty on your lighting system investment.
