A NOTE TO THE COMMUNITY

In response to the COVID-19 pandemic and subsequent social distancing, the Lake Mohave Ranchos Fire District would like to communicate to the public the following temporary adjustments we will be operating under:

- Emergency response will NOT change.
- Our First Responders may maintain for caution, up to 6 ft of distance for initial assessment, when possible.
- Our First Responders may have additional gear on calls for any suspected flu-like symptom or respiratory issue.

The Administrative Office/St. 41 & St. 43 will be closed to the public starting at 7:00 a.m. on March 23, 2020; *unless* there is a life-threatening emergency, in which our First Responders will assist. The closure to the public is temporary.

There will be no new inspections/burn permits issued at this time.

This is a precautionary measure for the safety and well-being of the community. We appreciate your cooperation, patience and understanding during this temporary navigation we are challenged with. Our hope is for everyone to remain safe & healthy.

You may call Administration/St. 41 & St. 43 as we will be on duty, please DO NOT COME IN, unless there is a life-threatening emergency.

If you have an emergency, dial 911.

Regards,

Tim Bonnee
Fire Chief
