

**I'M SELLING ALL OF THIS! BUT I DON'T  
WANT YOU TO KNOW!**

**SUPERVISOR STEVE BALICH'S**

***ACTIONS SPEAK LOUDER THAN WORDS***

Here's what Supervisor Steve Balich and Township Trustees Michael Bonomo, Matt Connolly, Mark Gawron & Rob Rivera **PROMISED** when they wanted your vote:

*They did not keep  
their campaign  
promises!*

## **Transparency**

The HTRS will bring transparent, open and fair governance to the residents of Homer Township:

- All meetings will be open and transparent in accordance with Illinois Laws... Meetings will be video recorded and shared via social media and the township website.
- All Township Government activities will be shared via modern Website with advanced and user friendly technology.
- Budgets, Projects and finances will be open and visible to all, no need to file a Freedom of Information Act Request in order to acquire information at every turn.

Here's what their ***ACTIONS*** are doing:

- \* By-passed traditional meetings and used a minimally publicized Special Township Meeting to authorize the sale of real property.
- \* Mislead the public into thinking the Special Township Meeting was held only to transfer Parks to the Village of Homer Glen.
  - \* Defied the Open Meetings Act purpose by not providing sufficient information about the intent to vote on specific properties on meeting agendas.
  - \* Failed to have any public discussion about the sale of public Open Space lands.
    - \* Reneged on promise to let Voters decide via a referendum.
- \* Supported Supervisor Balich position that he boldly stated he did not want to discuss plans in public and would let the public know later what deals he made.
- \* Removed information about Open Space properties from the Township website.
  - \* Appear to have taken a Vow of Silence versus working for Transparency.
