

Homer Township Official's strategy to
pull a fast one on the public

Hide, Surprise, Hurry Up & Wait

Hide: Homer Township officials hid their intentions to sell Open Space lands from the public for a year.

Surprise: Homer Township officials surprised the public with a resolution to sell two Open Space Farms, over 140 acres. The whole time they have been in office they never said they wanted to sell Open Space until the day they voted to sell it.

Hurry Up: Homer Township officials moved quickly to find a buyer for Open Space Farms, in one month! They likely already have a buyer lined up, they aren't even requiring themselves to sell to the highest bidder.

Wait: Homer Township officials want you to wait until after they find a buyer and get the land under contract for sale before they reveal their plan. Once you finally find out what their plan is the land may already be sold or well on its way to being sold.

Homer Township Official's very questionable behavior must be challenged. Call them and tell them not to sell the Open Space Farms that Homer Township taxpayers paid millions of dollars for.

(Their contact information is on the next page.)

IMPORTANT: Attend their next meeting and speak up!
