

Country Club Estates HOA Age & Occupancy Certification

Country Club Estates is a housing development for persons age 55 or older, where at least 80 percent of the occupied units must be occupied by at least one person 55 years of age or older. In order to comply with all HUD regulations governing a 55 or older development, we are required to conduct age verification surveys every two years. HUD's regulations governing 55-or-older housing at 24 CFR part 100, subpart E; Verification of occupancy states:

Section 100.307 provides that in order for a housing facility or community to qualify as 55-or-older housing, it must be able to produce, in response to a complaint alleging a violation of the Act, verification of compliance with § 100.305 through reliable surveys and affidavits. Paragraph (d)(7) of § 100.307 includes self-certifications in a list of documents considered reliable documentation of the age of occupants. The self-certification may be included in a lease or other document, and must be signed by an adult member of the household asserting that at least one person in the unit is 55 years of age or older.

I am 18 years of age or older and a member of the household noted below and I have personal knowledge of the ages of all the occupants of this household. I also acknowledge that no person under the age of 18 years is to reside in this household for more than 60 days per year, and the total number of persons living in this household will be *no more than three*.
