## 4101. Use Tables

### 1. Use Table Instructions and Abbreviations

- A.** A "P" in a cell of Table 4101.1 indicates that the use can be established by right in that zoning district, subject to compliance with related use standards.
- B.** A "✓" in a cell of Table 4101.2 indicates that the use can be established only when identified on an approved final development plan in the PDH, PDC, PRM, PCC, or PTC Districts, or when identified on an approved PRC development plan and, if applicable, a PRC plan in the PRC District, in accordance with subsection 8100.2. All uses must comply with related use standards. If the cell containing the "✓" is in a column under the subheading "Secondary," the use can only be established with one or more principal uses.
- C.** A "✓/SE" in a cell of Table 4101.2 indicates that the use can be established only when it complies with Section 2105 and related use standards as follows:
  - (1)** The use must be identified on an approved PRC development plan and, if applicable, a PRC plan in the PRC District, or on an approved final development plan in any other P district; or
  - (2)** The use may be established with approval of a special exception by the Board when the use is not specifically identified on a final development plan, development plan, or PRC plan, as applicable. When a use is being considered for approval as a special exception, the related special exception or special permit use standards apply.
  - (3)** However, when a use is being considered for approval on a development plan in the PRC District or a final development plan in any other P district, the special exception or special permit use standards are used as a guide.
  - (4)** When a standard is identified as required in all instances of a particular use, it is mandatory.
- D.** An "SE" in a cell of Table 4101.1 or Table 4101.2 indicates that the use can be established only with Board approval of a special exception in accordance with subsection 8101.3 and related use standards.
- E.** An "SP" in a cell of Table 4101.1 or Table 4101.2 indicates that the use can be established only with BZA approval of a special permit in accordance with subsection 8101.3 and the related use standards.
- F.** An "A" in a cell of Table 4101.1 or Table 4101.2 indicates that the use is allowed only as accessory to, in connection with, incidental to, and on the same lot with a principal use or structure that has been legally established in a district. In addition, the Zoning Administrator may allow any use as an accessory use, provided that it meets the definition of an accessory use.
- G.** An "AP" in a cell of Table 4101.1 or Table 4101.2 indicates that the use is allowed only with approval of an administrative permit by the Zoning Administrator.
- H.** An "A+" in a cell of Table 4101.1 or Table 4101.2 indicates that the use can be established as an associated service use if it conforms to the related use standards.
- I.** If a cell in Table 4101.1 or Table 4101.2 contains more than one approval type, there is more than one possible way to establish the use, as referenced in the related use standards for the specific use. For example, when a cell contains a "P" as well as an "SE" or "SP," if the use does not meet the standards when permitted by right, it may be established with BZA or Board approval in accordance with the applicable special exception or special permit standards and procedures.
- J.** A blank cell in Table 4101.1 or Table 4101.2 indicates that the use cannot be established in that zoning district.

**FAIRFAX COUNTY**  
— VIRGINIA —

- K.** The right-most column in Table 4101.1 and Table 4101.2 references related standards that are specific to individual uses. It does not include references to other zoning standards governing uses that may apply to a particular use, including standards in subsection 4102.1, Article 2, and Article 3.

**2. Structure of the Use Classification System**

Allowable uses are organized according to a three-tiered hierarchy consisting of use classifications, use categories, and uses. This classification system is intended to provide a structure that groups similar uses together for ease in locating or identifying a use and to simplify the classification of new uses.

**A. Use Classifications**

Each use is grouped under one of these seven broad use classifications: Agricultural and Related Uses; Residential Uses; Public, Institutional, and Community Uses; Commercial Uses; Industrial Uses; Accessory Uses; and Temporary Uses.

**B. Use Categories**

Use categories are subgroups of uses in each classification that have common functional or physical characteristics, such as the type and amount of activity, types of goods, services, occupants or users/customers, or operational characteristics. For example, the Commercial classification is divided into multiple use categories, including Food and Lodging, Office and Financial Institutions, and Retail Sales.

**C. Uses**

Uses are the specific land uses that can be established in a zoning district, such as restaurant, hotel or motel, or catering uses.

Dear Ms. Tucker:

We have reviewed your request for a parking reduction based on Article 11-106.3 of the Zoning Ordinance (Ordinance) which allows a reduction in the required number of parking spaces for places of worship that provide day care services for children and adults as well as schools of special education. This request is based on the approval of SPA 85-S-053-05 by the Board of Zoning Appeals allowing these uses at the church site. The basis for such a reduction is a demonstration that shared parking among the site uses can occur without the need for construction of additional parking spaces. Based on the information provided and our review of this information, shared parking among site uses has been demonstrated and we have no objection to the proposed 11.4 percent reduction in required spaces.

**Table. Comparison of Required and Proposed Parking under Development Plans**

Land Use	Size	Rate Required by Ordinance	Number of Spaces Required by Ordinance	Number of Spaces Provided	Proposed Reduction - Shared Parking
Worship	450 seats	1 space/4 seats	113	117	11.4%

NOW, THEREFORE, BE IT RESOLVED that the subject application is **APPROVED** with the following limitations:

1. This approval is granted for the applicant only, St. John's Episcopal Church, and is not transferable without further action of this Board, and is for the location indicated on the application, 5649 Mount Gilead Road, consisting of 4.42 acres, and is not transferable to other land.
2. This Special Permit is granted only for the purpose(s), structure(s), and/or use(s) indicated on the special permit plat, entitled "Special Permit Plat, St. John's Episcopal Church," originally prepared by Reid M. Dudley, dated March 24, 1998, and most recently edited on February 15, 2018, approved with this application, as qualified by these development conditions.
3. A copy of this Special Permit and the Non-Residential Use Permit (Non-RUP) must be posted in a conspicuous place on the property of the use and be made available to all departments of the County of Fairfax during the hours of operation of the permitted use.
4. This Special Permit Amendment is subject to the provisions of Article 17, Site Plans, as may be determined by the Director, Land Development Services (LDS). Any plan submitted to LDS pursuant to this special permit amendment must be in substantial conformance with these conditions. Minor modifications to the approved special permit amendment may be permitted pursuant to Paragraph 4 of Section 8-004 of the Zoning Ordinance.

9. No Transitional Screening/Barrier is required along the southwest lot line (Mount Gilead) adjacent to the property zoned PDC. No Transitional Screening/Barrier is required along the northwest lot line (Wharton Lane), because there are no building or parking additions in this area, and because any additional screening would encroach upon existing marked graves.

The twelve (12) feet of Transitional Screening is to be provided along the northeast lot line and southeast lot line. The twelve (12)-foot transitional screening is to be heavily planted and continue to meet the planting requirements of Article 13 as shown on the approved special permit plat. The barrier requirements are to be modified so as to allow the continuation of the zig zag split rail fence in lieu of barrier D, E, or F. The existing vegetation may be used to partially satisfy this requirement if the vegetation is maintained and/or supplemented to meet the twelve (12)-foot screening to the satisfaction of the Urban Forest Management.

The applicant must replace any missing, dead, dying, or stunted screening trees.

10. The driveway connecting Wharton Lane with the eastern parking area is to be marked with signage indicating one-way traffic.
11. Any new parking lot lighting installed is to be in accordance with the outdoor lighting standards as set forth in Sect. 14-900 of the Zoning Ordinance. Any proposed parking lot light fixtures shall be fully shielded. Exclusive of security lighting, all outdoor lighting shall be turned off within half an hour of the end of any night time meetings and/or services. Motion detectors may be installed on parking lot and security lighting as a security measure.
12. Best Management Practices are to be provided in accordance with the Water Supply Protection Overlay District of the Zoning Ordinance and the Public Facilities Manual.
13. The gravel surfaces are to be maintained in accordance with Public Facilities Manual standards.
14. The Floor Area Ratio (FAR) is not to exceed 0.0467.
15. Prior to the issuance of a Non-RUP for the child care center, nursery school, private school of special or general education, or adult day care, the applicant must obtain an approved shared parking agreement or parking reduction. If a shared parking agreement or parking reduction is NOT approved by LDS, the number of seats in the sanctuary and/or the number of participants in the child care center, nursery school, private school of special or general education, or adult day care must be reduced to correspond to a number that can be supported by the parking spaces provided on site as determined by LDS.

16. The maximum number of children using the fenced-in playground must adhere to the limitations in Sect. 9-309 of the Fairfax County Zoning Ordinance.

These conditions incorporate and supercede all previous conditions. This approval, contingent on the above-noted conditions, does not relieve the applicant from compliance with the provisions of any applicable ordinances, regulations, or adopted standards. The applicant is responsible for obtaining the required Non-Residential Use Permit through established procedures, and this special permit is not valid until this has been accomplished.

Pursuant to Section 8-015 of the Zoning Ordinance, this Special Permit Amendment is effective upon a vote of approval by the Board of Zoning Appeals.

Mr. Hammack seconded the motion, which carried by a vote of 6-0. Mr. Byers was not present for the vote.
