

HAITI OUTREACH MISSION

Dear Haiti Outreach Mission Members and Supporters,

I am so proud of our history, built on personal relationships both here and in Haiti. Next year it will be 20 years! With your help, Roger and I began our Mission in 1998. And we launched a mission partnership with two churches in

Mirebalais, Haiti: St. Pierre Episcopal Church and St. Louis Roman Catholic Church. We continue to support our Medical/Dental clinic and students at Ecole Presbyteral N.D. D'Altagrace Desvarrieux. We have helped to build schools, computer labs, and churches. We built an orphanage that was transformed into a very successful middle/high school that is now supported by other NGOs. Our annual

Mission trip is now able to focus on Mobile Medical/Dental work that reaches out to those with the greatest need. This year we saw: Children (newborn thru 18) = 331; Adults = 312; Dental = 97 (exams=9; prophy=30; extractions = 55; fillings= 14). Fluoride to prevent tooth decay was administered to 1140 children. Your continuing financial support makes our work possible. I thank you from the bottom of my heart and I ask for your support also for our members who have been to Haiti and have experienced various health challenges, including:

Jim Schairbaum, HOM's long-time secretary, who is battling oral cancer.

Kate Messina is overcoming cancer with deep religious faith and family support.

Chris Phanord has become well again after a health scare while in Haiti with us in April and is now in graduate school.

Please pray for them and our other supporters who are experiencing health challenges.
