SUGGESTION

"The Steps shall set you free, but first they'll piss you off." (modern, anon.) Don't be surprised if you get very angry while working through these worksheets.

Look over page 3 of these worksheets and see if you understand what the First Step is getting at. If you don't understand, fill out the rest of the pages in this guide anyway; you'll be discussing all of this with your sponsor.

Here's your first opportunity in the program to be fearless and honest. You don't have to fill in every blank or write well (in recovery you get no points for grace and style), but work hard to find plenty of examples. Make sure your notes are clear, so that you can understand them later in your recovery, when you may want to review these sheets. People often review their First Step worksheets on their one year anniversary and notice how far they have come in their understanding of the disease of alcoholism/addiction.

You don't have to show these worksheets to anyone--they are to help you understand your personal experience with alcohol or drugs. However, you will probably want to discuss with your sponsor some of the incidents on these worksheets.

In addition to doing these worksheets, read:

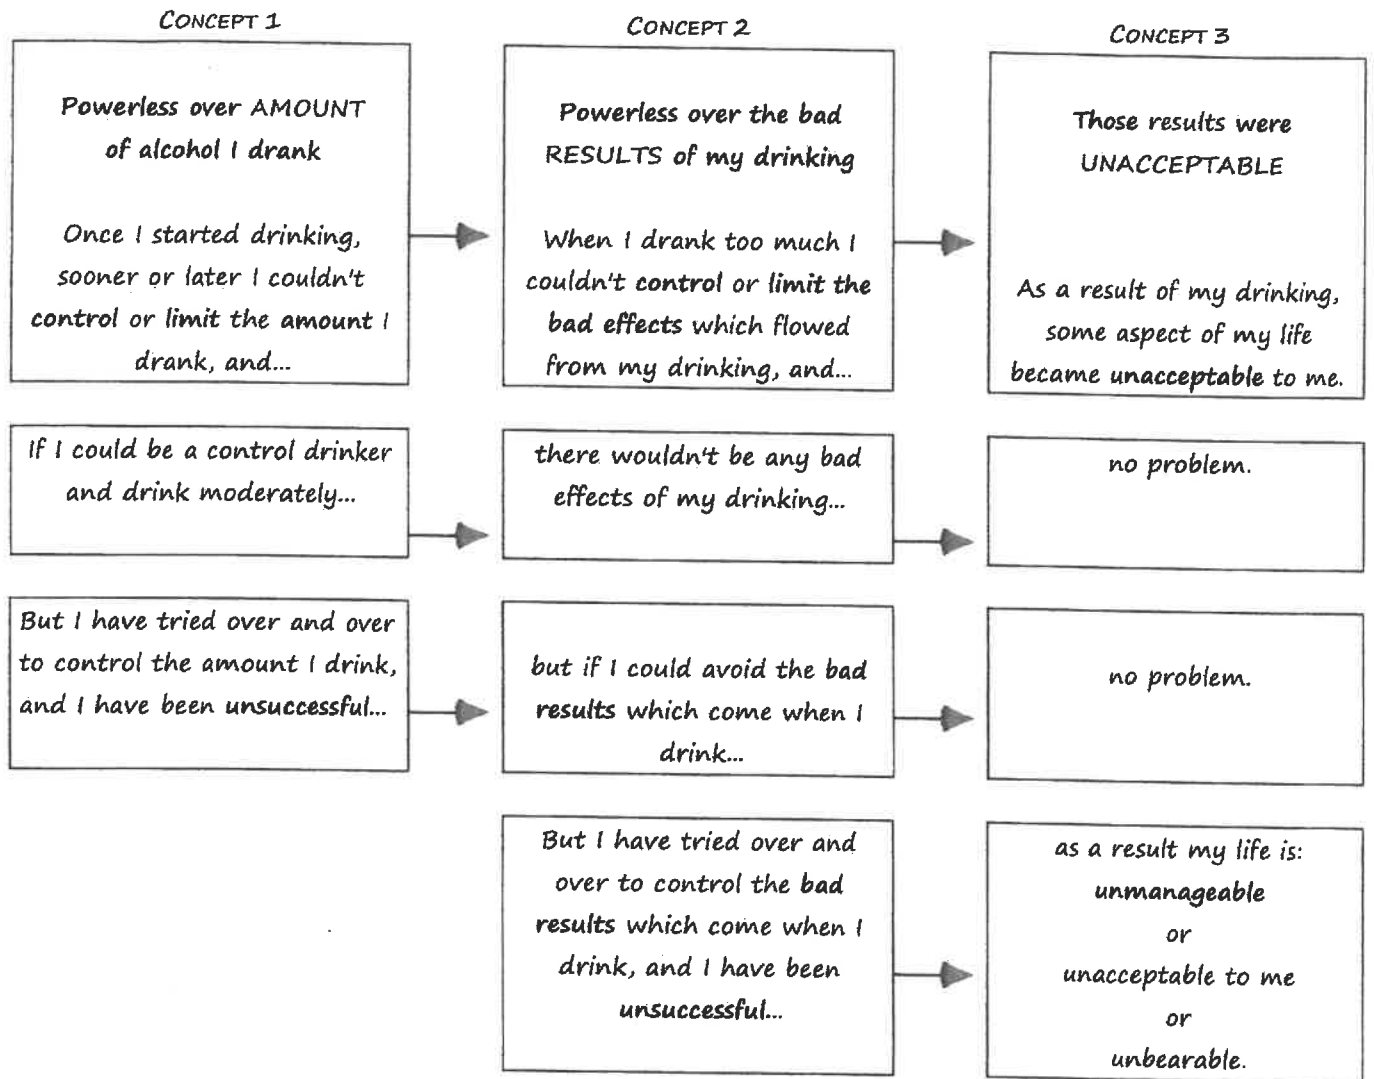

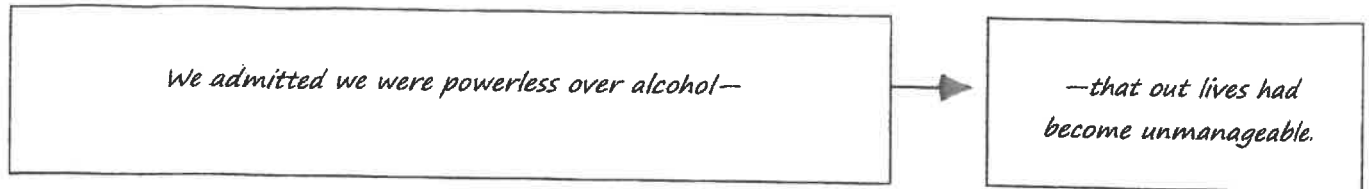

- *Alcoholics Anonymous* (the "Big Book"), Chapter 1 (16 pages)
- *Twelve Steps & Twelve Traditions* (the "12 & 12"), Step 1 (4 pages)
- *Hazelden Step 1 Guide*, first 14 pages. Do not answer the questions in the rest of the book; these worksheets replace those in the Hazelden guide. You can buy the guide at recovery book shops such as Choices, 220 East 78th Street, New York, NY 10021 (212-794-3858).
