

## Dear Praying Partner,

7400 Miles in driven in March, and 1700 already in April, and not one time have has there been a worry about where the gas money was going to come from. God has been so good to us!! I want to thank each one of you for your prayers. It doesn't go unnoticed that you're lifting us up to the Lord. The fact of the matter is that even when we aren't sure how things are going to work out, God still works them out. Sometimes in miraculous ways that we could have never imagined. I'm pleased to let you know that Smethport Baptist Church in NC has partnered with us and two of the Churches that we've been with during this spring missions conference season have let us know of their partnering with us to reach the People of NYC. Would you please pray with us that the others we've been with would have both the means from faith promise giving and the desire to partner with us as we go and take the Gospel to Jamaica NY.

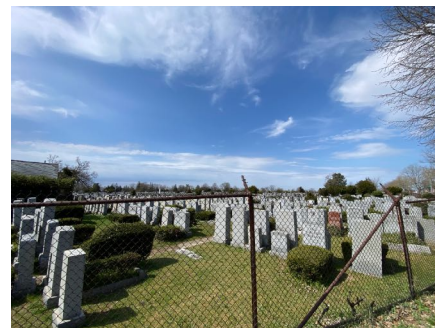

### *Visitation and Soul-Winning!*

One of our favorite things to do is share the Gospel with others. Our children even love to get involved and hand out tracts, and lets face it people take them faster from our kids than us! One thing that always encourages us is when we're at a church and they let us be involved in their outreach. We were with Calvary Baptist Church in Ft. Walton Beach Florida recently for their missions conference and they did a Saturday morning Blitz. We were so encouraged!! Saturday morning after a breakfast prepared and served by some dear saints at this church, I don't know the exact number but it had to be between 60 and 80 people all loaded up into their vehicles and went out and distributed close to 2500 packets full of Gospel Tracts, Dvd's of services as well as CD copies of messages, and much more. It was fantastic to be out doing this but what made it more special was to see in this beach community on a beautiful Saturday morning this many people serving the Lord. From ages under 1 all the way up to many more birthdays than I've had. This really encouraged us to use every opportunity that we have to share the Good News of Jesus with others. We love witnessing at Walmart, the harvest field is ripe there! Anytime I see some one wearing clothing that says anything about Jesus or God, I have to stop them and ask them about it. I want to see that they truly know Jesus. I was delighted to meet Mrs. Marsha from Hawaii in a Florida Walmart. She has a passion for our Savior.

### *Pray with us for the rest of our support to come in quickly!*

We don't want to get out in front of God on anything and know that in his perfect timing we will be able to move to Jamaica Queens. We just ask you to pray with us that his will would be us able to move at the end of 2022 or beginning of 2023. Every day we aren't there is another day that hundreds of people in the city die and an eternity hangs in the balance.
