

May 9, 2023

Dear Pastor and Friends of the Bradley Family,

It is a pleasure for me to write to you concerning the Alan Bradley family going to New York City. It has been exciting to see God work in their lives both individually and collectively during their days of deputation ministry. They have been faithfully presenting their burden and future ministry now for just under two years and have traveled thousands of miles in the process.

This church planting family has made a **full commitment of their lives** to plant a church in Queens, a borough of New York City. Few families would make such a commitment. They have a wonderful spirit and testimony of God's call to church planting and ministry, and they are highly respected by God's people around the country. **Presently, the Bradley family is at 65% of their needed support.** They have set a goal to be finished with deputation by the beginning of November and then move to their target area. Once they arrive in New York City, they will work with our BIMI veteran church planter Dana Dice and his family at Gospel Light Baptist Church in Jamaica, Queens. This will give them time to better acquaint themselves with metropolitan ministry. It will also be a busy time for them as they assist Brother Dice, find a place to live, and eventually locate a suitable meeting place for their new church. Preparation of Gospel literature for distribution will have to be done along with gathering everything to furnish their meeting place.

I am writing to help you understand how **you and your church** can be involved with this new church plant. **First of all**, you can pray for this dear family as they approach the end of their deputation ministry. **Second**, if you have not already begun supporting the Bradley family, you can help them reach 100% of their support by taking them on for support. **Third**, if you are not able to support them, please consider providing a one-time love offering to offset the expense of launching their new church. There will be many additional expenses to incur at the outset.

I have been impressed with their level of sacrifice and the commitment this family has displayed. I firmly believe God is going to do a great work through them. I pray that God will use you to be a blessing to these servants of the Lord. Send all contributions and support to Alan Bradley c/o BIMI at P.O. Box 9, Harrison, TN 37341 and designate it for Account #1632.

Your servant and friend,
