

Fixed annuity product guide

This booklet includes product highlights and is intended to serve as a guide in helping you identify some of the important factors to consider for each of your clients. By applying this information, you should have a foundation from which an appropriate product recommendation can be made. The information provided herein is not intended to be all-inclusive. Individual client circumstances will vary and you are expected to adhere to all requirements applicable to insurance producers doing business in your state and your customer's state of residence, if applicable.

IMPORTANT: Product availability and features may vary by state. These variations may include issue age, premium bonus, surrender charges, and more. Refer to current state availability chart, forms chart and product brochures for information in your state.

Please refer to the compliance manual for company guidelines and a comprehensive discussion of important topics regarding the sale of annuities.

It is our general policy that no outside sales illustrations, proposals, projections, and/or software, be used during the application, sale, purchase, or any other aspect of marketing our fixed index annuity products, other than company provided illustration software and approved calculators. The use of any third party vendor illustration software is prohibited. This includes, but is not limited to, sales illustrations, proposals, projections, and/or software that provide hypothetical or past index performance to demonstrate or predict product returns.

Product features

This section explains the main features of our products, all fixed annuity products are different; therefore, refer to the product-specific brochures, annuity disclosure statements and other available marketing materials for more information. Product availability and features may vary by state including interest rates. Refer to current state availability chart, forms chart, and rate sheets for more information.

Accumulation value

The accumulation value is equal to 100% of premium, premium bonus (if applicable), plus any fixed and index account interest earned, minus withdrawals. The accumulation value is used to determine the death benefit as well as penalty-free withdrawals.

Surrender value

The surrender value is the amount that is available at the time of surrender. The surrender value is equal to the accumulation value, subject to the market value adjustment, less applicable surrender charges, premium bonus recapture and state premium taxes (where applicable). The surrender value will never be less than the minimum requirements set forth by state, laws at the time of issue, in the state where the contract is delivered.

Penalty-free withdrawals

Each contract has specific penalty-free withdrawal provisions. Any excess amount will be subject to a surrender charge and possibly a market value adjustment, during the surrender charge period. For most products, the penalty-free withdrawal amount is non-cumulative between contract years. Refer to the product brochure for withdrawal information specific to the product. Withdrawals prior to age 59 1/2 may be subject to an IRS penalty.

Surrender charges

A surrender charge will be deducted from the accumulation value as a result of a full or partial surrender exceeding the penalty-free amount described above. Surrender charges on IRS-required minimum distributions exceeding the penalty-free amount are waived by current company practice*, on most products. Potential earnings may be reduced if the contract is surrendered before the end of the surrender charge period or the withdrawal exceeds the penalty-free amount. Refer to the product-specific brochure or annuity disclosure statement for a complete listing of surrender charges for each product.

Market value adjustment

(also referred to as interest adjustment)

Midland National's fixed annuity products may include a market value adjustment. A market value adjustment, is applied only during the surrender charge period to full surrenders and to any partial surrender in excess of the applicable penalty-free partial surrender amount. This adjustment may decrease or increase the surrender value depending on the change in interest rates since the annuity purchase. Lower interest rates at time of issue may result in less opportunity for a positive market value adjustment in future contract years. In certain rate scenarios at the time of issue, it may not be possible to experience a positive market value adjustment. See the "Understanding the market value adjustment" brochure for more information.

Death benefit

Upon the death of the annuitant or owner, Midland National will pay out the accumulation value as the death benefit to the beneficiary provided no annuity payout option has been elected. If joint annuitants are named, the death benefit will be paid on the death of the second annuitant. If joint owners are named, the death benefit will be paid on the death of the first owner. The beneficiary may choose to receive the payout in either a lump sum or a series of income payments.

Distributions will be taxed to the beneficiary at distribution. Clients should consult with and rely on their own tax professional.

*A feature offered "by current company practice" is not a contractual guarantee of this annuity contract and can be removed or changed at any time.

Sammons Financial® is the marketing name for Sammons® Financial Group, Inc.'s member companies, including Midland National® Life Insurance Company. Annuities and life insurance are issued by, and product guarantees are solely the responsibility of, Midland National Life Insurance Company.

A.M. Best is a large, third-party independent reporting and rating company that rates an insurance company on the basis of the company's financial strength, operating performance, and ability to meet its obligations to policyholders. S&P Global Ratings is an independent, third-party rating firm that rates on the basis of financial strength. Ratings shown reflect the opinions of the rating agencies and are not implied warranties of the company's ability to meet its financial obligations. The ratings above apply to Midland National's financial strength and claims-paying ability. A) A.M. Best rating affirmed on July 30, 2021. For the latest rating, access ambest.com. B) Awarded to Midland National® as part of Sammons® Financial Group Inc., which consists of Midland National® Life Insurance Company and North American Company for Life and Health Insurance®. C) Standard & Poor's rating assigned Feb. 26, 2009 and affirmed on June 2, 2021. D) Fitch Ratings, a global leader in financial information services and credit ratings, on April 23, 2021, affirmed an Insurer Financial Strength rating of A+ Stable for Midland National. This rating is the fifth highest of 19 possible rating categories. The rating reflects the organization's strong business profile, low financial leverage, very strong statutory capitalization, and strong operating profitability supported by strong investment performance. For more information access fitchratings.com.

Interest crediting methods (may vary by state)	 Fixed Annual Point-to-Point with Participation Rate Annual Point-to-Point with Cap Rate Annual Point-to-Point with Index Margin Annual Point-to-Point with Index Margin Annual Point-to-Point with Index Margin Annual Point-to-Point with Enhanced Participation Rate (includes charge¹) Monthly Point-to-Point with Cap Rate Annual Inverse Performance Trigger (declared performance rate) 																		
Strategy charge ² (only applies to enhanced methods)	In exchange for a c from the accumula the contract.																		
Accumulation value (AV) true-up³	If interest credited a one-time refund penalty-free withd	of the	e diffe	rence															
Optional additional benefit rider (ABR) (rider cost is 0.90% of accumulation value at each contract anniversary during the surrender charge period) Rider cost varies by state.	 ABR premium bonus⁴ (Reference the product brochure specific to your state for details.): For 10-year: 5% ABR premium bonus on premiums received in the first five contract years. For 14-year: 8% ABR premium bonus on premiums received in the first five contract years. 4% Additional payout benefit (not available in all states): If an annuity payout option is elected after the surrender charge period has elapsed, a 4% bonus will be added to the accumulation value. Return of premium: At any time in the fifth (varies by state) contract year and thereafter, the contract may be terminated and the client receives no less than the contract's net premium paid. The net premium is equal to the initial and subsequent premiums (less any ABR premium bonus and optional rider cost, if applicable, excluding the additional benefit rider cost) minus any withdrawal amounts received (after any surrender charges or interest adjustment). Enhanced penalty-free withdrawals: 10% of accumulation value after the first year. Beginning the third year, withdrawals can increase to 20% (maximum) if no withdrawal was taken in the previous year. If any penalty-free withdrawal is taken during a contract year, the penalty-free allowance available for the following year resets to 10%. Withdrawals from a contract may decrease the death benefit. 																		

The MNL RetireVantage® is issued on base contract form AS124A/ICC16-AS145A.MVA/AS145A or appropriate state variation including all applicable endorsements and riders. Withdrawals taken prior to age 59 1/2 may be subject to IRS penalties.

- 1. Known as a strategy fee annual percentage in the contract. The annual charge is multiplied by two for the Two-year crediting strategy.
- 2. Strategy charges are considered a partial surrender and for purposes of the return of premium feature will reduce the net premium accordingly. The charge will be deducted at the time of a full surrender and at the time of a partial withdrawal that exceeds the penalty-free withdrawal amount.
- 3. Known as guaranteed accumulation value true-up endorsement in the contract.
- 4. ABR premium bonus may vary by annuity product, premium band and surrender charge period selected and may be subject to an ABR premium bonus recapture. Products that have ABR premium bonuses may offer lower credited interest rates, lower index cap rates, lower participation rates and/or greater index margins than products that don't offer a premium bonus. Over time and under certain scenarios the amount of the ABR premium bonus may be offset by the lower credited interest rates, lower index cap rates, lower participation rates and/or greater index margins.

The MNL Guarantee ProSM 3, 5, and 7 is issued on base contract form ICC21-AS204A/AS204A or appropriate state variation including all applicable endorsements and riders. Withdrawals taken prior to age 59 ½ may be subject to IRS penalties.

^{*} A feature offered "by current company practice" is not a contractual guarantee of this annuity contract and can be removed or changed at any time.

Direct Income®

single premium immediate annuity

	Features							
Issue ages	Life options: 0-85 (qualified and non-qualified) Period certain options: 0-93 (qualified and non-qualified)							
(may vary by state)	Note: Issue age plus period certain may not exceed 98 for any period certain only, life with period certain, or joint life with period certain payout option.							
Minimum premium	Single premium: \$25,000 qualified and non-qualified							
Maximum premium	\$1,000,000							
	 Period certain only: This option provides income for a fixed number of years (ranging from five to 20 years). If the annuitant passes away during that time, payments would continue. 							
	• Single life only: Payments are only during the life of the annuitant. If the annuitant passes away, no further payments are made to an estate or any other person.							
	• Single life and period certain: Selecting this option provides income for the life of the annuitant – with a guaranteed payment period (ranging from five to 20 years). If the annuitant passes away before the period ends, payments will continue for the remainder of that period.							
	 Single life with installment refund: This option guarantees that payments will continue during the life of the annuitant. After the annuitant passes away, payments continue until the total payments are equal to the single premium originally paid. 							
Annuity payout options	 Single life with cash refund: Payments are only during the life of the annuitant. If the annuitant passes away before the total payments received equal the premium, a lump-sum payment is made equaling the difference between the original single premium and any payments already received. 							
	 Joint life with survivorship: Selecting this option creates an income stream paid for the life of the annuitant and the lifetime of his or her spouse. After the annuitant passes away (or his or her spouse), payments continue for the remainder of the surviving spouse's life. 							
	• Joint life with survivorship and period certain: This option provides income for the annuitant and his or her spouse's lifetime – with a guaranteed payment period (ranging from five to 20 years). Should the annuitant or his or her spouse pass away, payments continue for the remainder of the surviving spouse's life. If both annuitants pass away before the period ends, payments will continue for the remainder of the period.							
	Note: For either of the joint life options, the survivor benefit can be 50%, 66.67%, or 100% of the initial payment amount, and the period certain durations can range from five years to 20 years.*							
	Monthly, quarterly, semi-annually and annually.							
Payment modes	Payments less than \$100 will be available only by electronic funds transfer (EFT) for any payment frequency set at contract issuance.							
Death benefit	The death benefit is equal to any remaining annuity payments or lump sum payment due in accordance with the annuity payout option selected. Any applicable death benefit is payable upon death of the owner, or annuitant if the owner is a non-natural entity.							
Premium taxes	Annuity payments will be reduced for premium taxes as required by the state of residence.							

The Direct Income® is issued on base contract form ICC18-AS154A/AS154A or appropriate state variation.

Withdrawals taken prior to age 59 1/2 may be subject to IRS penalties.

^{*} The survivorship percentage must be elected at issue.

Midland National[®] is a Sammons Financial Group company.

We are committed to our customers, distribution partners, employees and communities – and the deeply rooted belief that we grow stronger together.

With so much change happening in the world, people are looking for companies that can stand the test of time. They need a partner that can weather life's storms. That's us. For over a century, we have been here for our customers and honoring our commitments. And because we're privately owned, we don't measure our impact by the number of years we've been in business, investor goals or size of the company. We are proud of our impact of the financial futures we help secure, and the legacies we help establish.

We believe that we aren't here to serve just today's customers, but customers for generations to come. As we look ahead to our next hundred years, that fundamental principle remains rich in its vision. No matter how much change happens in the world around us, we strive to find new ways to create value for our customers.

Just like always.

Midland National has continued to earn high ratings, based on our financial strength, operating performance, and ability to meet obligations to our policyholders and contract holders. Midland National currently holds the following ratings:

A.M. Best^{A,B} (Superior) (Second category of 15)
 S&P Global Ratings^{B,C} (Strong) (Fifth category of 22)
 Fitch Ratings^D (Stable) (Fifth category of 19)
